What does the fund invest in?

This fund's objectives are to preserve the value of your investment and to provide a high level of liquidity and interest income. The fund invests primarily in high quality money market instruments issued by governments and corporations in Canada, like treasury bills, bankers' acceptances, and commercial paper. The fund may invest up to 10% of the fund's assets in foreign securities. The series strives to maintain a NAV per unit of \$1.00 by allocating income daily and distributing it monthly, but there is a risk the NAV per unit could vary from this amount.

The charts below give you a snapshot of the fund's investments on August 31, 2021. The fund's investments will change.

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

BMO Investments Inc. has rated the volatility of this fund as low.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What are the risks of investing in a mutual fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Series I units of the fund have performed over the past 10 calendar years. Returns are after expenses have been deducted. These expenses reduce the series' returns.

Year-by-year returns

This chart shows how Series I of the fund has performed in each of the past 10 years. The series dropped in value in 0 of the 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Series I units of the fund in a 3-month period over the past 10 calendar years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	0.5%	January 31, 2019	Your investment would rise to \$1,005
Worst return	0.1%	December 31, 2020	Your investment would rise to \$1,001

Average return

The annual compound return of Series I of the fund was 1.2% over the past 10 years as of August 31, 2021. If you had invested \$1,000 in this series 10 years ago, your investment would now be worth \$1,127.

Who is this fund for?

Consider this fund if:

- you want a more secure investment with low investment risk
- you are looking for a short-term investment.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series I units of the fund. The fees and expenses, including any commissions, can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

You pay no sales or redemption charges to BMO Investments Inc. if you buy, redeem or switch Series I units of the fund.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the returns of this series of the fund.

Separate fees and expenses are negotiated and paid directly by each Series I investor.

	Annual rate (as a % of the series' value)
Management expense ratio (MER) This is the total of the management fee (which includes trailing commission) and operating expenses. This series of the fund does not pay management fees or operating expenses. These fees and expenses are negotiated and paid directly by each Series I investor.	0.00%
Trading expense ratio (TER) These are the fund's trading costs.	0.00%
Fund expenses	0.00%

More about the trailing commission

No trailing commission is paid to your representative's firm in respect of this series of the fund.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Series I fees

Series I units are for institutional investors, for use within managed asset programs or structured products, who negotiate and pay separate fees to BMO Investments Inc. The maximum annual management fee and expenses payable by a Series I investor will not be greater than 1.00%, the management fee payable in respect of Advisor Series units of the fund.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts documents, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Fact documents or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
