**How risky is it?**

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund’s returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.
Risk rating
BMO Investments Inc. has rated the volatility of this fund as medium.
This rating is based on how much the fund’s returns have changed from year to year. It doesn’t tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

How has the fund performed?
This section tells you how Series O units of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the series’ returns.

Year-by-year returns
The year-by-year returns are not available for Series O as it has not been distributed to the public under a simplified prospectus for a full calendar year.

Best and worst 3-month returns
The best and worst 3-month returns are not available for Series O as it has not been distributed to the public under a simplified prospectus for a full calendar year.

Average return
The average return is not available for Series O as it has not been distributed to the public under a simplified prospectus for 12 consecutive months.

Who is this fund for?
Consider this fund if:
• you want to diversify your portfolio with a fund that invests in issuers that provide sustainability solutions and are predominately fossil fuel free
• you are comfortable with medium investment risk (i.e., you are willing to accept fluctuations in the market value of your investment).

A word about tax
In general, you’ll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?
The following tables show the fees and expenses you could pay to buy, own and sell Series O units of the fund. The fees and expenses, including any commissions, can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges
Instead of paying a sales charge on each transaction, you pay an annual fee to your representative’s firm based on the value of your assets. You pay no sales or redemption charges if you buy, redeem or switch Series O units.

2. Fund expenses
You don’t pay these expenses directly. They affect you because they reduce the returns of this series of the fund.

The fund’s expenses are made up of the management fee, operating expenses and trading costs. This series’ annual management fee is 0.15% of the series’ value. Because this series is new, its operating expenses and trading costs are not yet available.

3. Other fees
Series O units are for investors who have entered into an investment management agreement with BMO Private Investment Counsel Inc. or BMO Nesbitt Burns Inc.

Fee What you pay
Series O fee Series O investors pay a separate fee directly to their representative’s firm, a portion of which may be paid to BMO Investments Inc.
Short-term trading fee 0% to 2% of the amount that you redeem or switch if you buy or switch and then redeem or switch units of the fund within 30 days of purchasing or switching them. This penalty will be paid directly to the fund.
## What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts documents, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Fact documents or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
