What does the fund invest in?

This fund's objective is to provide securityholders with a relatively stable level of income while preserving capital and maintaining liquidity. The fund will invest primarily, directly or indirectly through investing in a diversified mix of mutual funds and/or exchange traded funds, in fixed income securities and cash equivalents. The fund may invest up to 30% of the fund's assets in foreign securities. The fund may invest up to 100% of the fund's assets in securities of underlying funds, with such underlying funds expected to be predominantly or exclusively underlying funds that are managed by us or one of our affiliates or associates.

The charts below give you a snapshot of the fund's investments on June 30, 2021. The fund's investments will change.

62.7%	Canadian Fixed Income Funds
36.6%	Money Market Fund
0.7%	Cash/Receivables /Payables

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

BMO Investments Inc. has rated the volatility of this fund as low.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What are the risks of investing in a mutual fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Series F units of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the series' returns.

**Year-by-year returns**

This section tells you how Series F of the fund have performed in past calendar years. However, this information is not available because it is a new series.

**Best and worst 3-month returns**

This section shows the best and worst returns for Series F of the fund in a 3-month period. However, this information is not available because it is a new series.

**Average return**

This section shows the value and the annual compounded rate of return of a hypothetical \$1,000 investment in Series F of the fund. However, this information is not available because it is a new series.

**Who is this fund for?**

**Consider this fund if:**

- you are seeking to fund post-secondary education that is about to commence or is currently in progress, and you are looking for an investment product from which you can draw down savings
- you want a fund to provide income while preserving capital and maintaining liquidity
- you are comfortable with low investment risk (i.e., you are willing to accept some fluctuations in the market value of your investment over the short-term).

**A word about tax**

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

**How much does it cost?**

The following tables show the fees and expenses you could pay to buy, own and sell Series F units of the fund. The fees and expenses, including any commissions, can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

**1. Sales charges**

Instead of paying a sales charge on each transaction, you pay an annual fee to your representative's firm based on the value of your assets. You pay no sales charges when you buy Series F units of the fund.

**2. Fund expenses**

You don't pay these expenses directly. They affect you because they reduce the returns of this series of the fund.

The fund's expenses are made up of the management fee, fixed administration fee, certain operating expenses and trading costs. This series' annual management fee is 0.40% and its annual fixed administration fee is 0.15% of the series' value. Because this series is new, its operating expenses and trading costs are not yet available.

**More about the trailing commission**

No trailing commission is paid to your representative's firm in respect of this series of the fund.

**3. Other fees**

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

<b>Fee</b>	<b>What you pay</b>
<b>Short-term trading fee</b>	0% to 2% of the amount that you redeem or switch if you buy or switch and then redeem or switch units of the fund within 30 days of purchasing or switching them. This penalty will be paid directly to the fund.
<b>Switch fee</b>	You and your representative can negotiate this fee. Currently the fee is up to 2% of the amount you switch.
<b>Series F fees</b>	Series F units are for investors who are enrolled in a flat fee account or their representative's firm sponsored wrap program. You can only buy Series F units through your representative if their firm has entered into an F Series Agreement with BMO Investments Inc. and only with the prior approval of BMO Investments Inc.

### What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts documents, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Fact documents or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

### For more information

Contact BMO Investments Inc. or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.
